

## **ANGELINE ANAÏS**

### **PARA-ATHLETICS**

---

Anaïs Angeline, aged 22 years old is a university student at the Open University of Mauritius and is following a degree course in Social Work.

She has been training in para-athletics since November 2014. It is her father, a former athlete, who has always encouraged her to practice a sport. Anaïs stated that this is the reason why she is now doing para-athletics. Her specialities are the 100m, 200m and long jump in the T37 category.

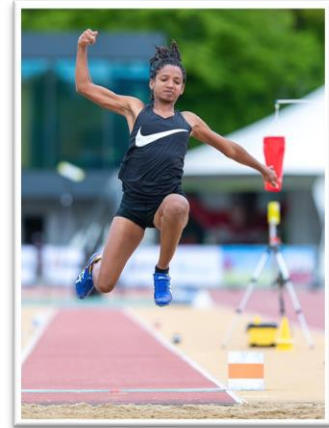

Anaïs participated in two world championships. The first one was in the year 2017 and her second participation was in the year 2019.

In 2021, she participated in the Paralympic Games 2020 held in Tokyo. She reached the final and took the 7th place in the long jump event (T37 category) with a performance of 4m07.

In 2022, she won the long jump event with a performance of 4m46 by breaking an African record at the Para-Athletics Grand Prix Dubai.

Her next main target is to qualify and compete at the 2024 Paralympic Games in Paris.

The TFES helped Anaïs by accompanying her during her college days. The TFES also paid her university fees. With the support of the TFES, she is able to manage sport and studies.
